CONF027443

September 7, 1988

Neil E. White applied for professional service with the B.S.A. on July 14, 1988. Neil was an active volunteer working as camp program director.

The enclosed note from Jerry Allinger the previous scout executive caused me to carefully investigate Neil's previous employment.

My first call was to John Garrett, Pueblo Public School District 60 Administrative Services. Mr. Garrett indicated that Mr. White resigned from the school district on March 26, 1973 and immediately began psychiatric treatment under Dr. Lawrence E. Austin. This date differed from Neil's claimed resignation date and was during rather than at the end of the school year. I asked Mr. Garrett if he could tell me the reason for Neil's resignation. He said I should ask Neil. I asked him if it was a reason that a youth agency should be concerned about. He indicated that it was and that I should carefully check Neils background.

The note from Jerry Allinger indicated that Neil had last been employed at the National College of Business. This employer was not listed on the application but I called. They were very reluctant to give information but confirmed that Neil had worked there and that the Boy Scouts had been made aware of the problem concerning his departure.

I questioned Ann Hinrichs the council office manager. She was aware of so called "rumors" about Neil. Apparently when Neil first became involved in the program he met with unit parents and told them of the problem. They allowed him to continue.

At about this time Brit Takara, a scoutmaster and school teacher, came to the office and provided further information. Brit knew Neil as a teacher and gave me the name of [REDACTED] who was a secretary at one of the schools in Pueblo. [REDACTED] son [REDACTED] was alleged to have been molested by Neil resulting in his resignation. Brit seemed very familiar with the situation.

Based on allegations, Area Director Bob Hanawalt informed Neil that he must separate himself from the scouting program on August 9, 1988 when Neil came in for his SRI.

Dave Ware, Council Attorney, was asked to help get further information. District Attorney, Gus Sandstrom, also a council board member, was aware of Neil's problem and promised to try to provide court records. He indicated Neil had plead guilty.

Don Mangin another scoutmaster came to me concerned that Neil was being considered for the position. He said Neil's probation officer had a son in his troop and was very concerned that Neil was involved in scouting.

These allegations and information led to the letter of suspension.

Sincerely,

Jeff Morris  
Scout Executive

Dear Neil:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations you may have with the Boy Scouts of America. A refund of your registration fee is enclosed.

You should understand that BSA membership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of membership the BSA seeks to provide for American youth.

If you wish to have this decision reviewed, please write to me within 60 days of the date of this letter, explaining your version of the facts supporting your claim that your registration as a BSA member should be granted or reinstated. The procedures for review are attached.

Sincerely yours,

CONFIDENTIAL

You will find that Neil is a pleasure to work with as he is  
enthusiastic, very intelligent, very knowledgeable, and has the  
time and is willing to give it for the benefit of the program. He  
is a professional photographer and at one time was a teacher. I  
... included him in this section because he does so much for the  
Council but also to alert you to some persistent rumors about him.

There is "talk" that Neil was asked to resign as a teacher from  
school district 60 because he was accused of molesting a student.  
Later, he resigned from a position at National College of Business  
when he was accused by a 25 year old student of making improper  
advances. I have followed up with the superintendent of schools  
and the District Attorney and have been unable to ascertain any  
truth to the rumors. There is nothing of public record. In any  
case, you need to be aware of the situation.

If commissioned in the professional service, I agree to be guided by the Charter, Bylaws, and Rules and Regulations of the Boy Scouts of America. I understand that employment is contingent upon approval for commissioning by the Boy Scouts of America.

Signed *Neil Swartz* Date 7-14-87  
Date available for employment *December 1987*

### NOTE TO APPLICANT

For your application to be properly evaluated, it is essential that all of the following questions be answered carefully and completely. If you need more space, please attach a separate sheet. Add any additional information which you feel may be helpful.

All items of inquiry on this application seek to provide background information which will be considered with the applicant's qualifications.

The following are required as support:

- Personal Health Statement, No. 30-208. Complete *side one only*.
- Official transcript of credits from an accredited college. Please request that the college registrar send an official transcript of credits directly to the Scout executive of the council processing your application.

In making this application for employment, it is understood an investigative report may be made whereby information is obtained through personal interviews with third parties, such as family members, business associates, financial sources, friends, neighbors, or others with whom you are acquainted. This inquiry may include information about your business and personal life. Within a reasonable period of time and upon written request, additional information concerning the nature and scope of the investigation, if one is made, will be provided.

Candidates for professional positions must satisfactorily complete the National Executive Institute prior to being commissioned.

All professional applicants must be at least the age of majority in the state in which they reside and have been graduated from an accredited college/university with the minimum of a 4-year bachelor degree. Applicants with the required paraprofessional on-the-job experience must have the minimum of an associate degree.

Commissions are issued only to those who have met the requirements as established by the national Executive Board of the Boy Scouts of America.

### DECLARATION OF RELIGIOUS PRINCIPLE

The BSA maintains that no member can grow into the best kind of citizen without recognizing an obligation to God. In the first part of the Scout Oath or Promise the member declares, "On my honor I will do my best to do my duty to God and my country and to obey the Scout Law." The recognition of God as the ruling and leading power in the universe and the grateful acknowledgment of His favors and blessings are necessary to the best type of citizenship and are wholesome precepts in the education of the growing members. No matter what the religious faith of the member may be, this fundamental need of good citizenship should be kept before them. The Boy Scouts of America therefore recognized the religious element in the training of the members, but it is absolutely nonsectarian in its attitude toward that religious training. Its policy is that the home and the organization or group with which the member is connected shall give definite attention to religious life.

Only persons willing to subscribe to these declarations of principles shall be entitled to certificates of leadership in carrying out the Scouting program—Bylaws of the Boy Scouts of America, article IX, section 1, clauses 1 and 4.
