Dear Brad:

I really hate to bother you again, but I feel you should at least answer my letters and indicate to me if you cannot give me information concerning the above named individual.

I have written on two different occasions and asked that an Ineligible Volunteer Record Sheet be completed, so we can identify Mr. Arnold. Since, I have not heard from you at this time, I do not know what to do with this particular file.

I would really appreciate it if you could have someone complete this record sheet with as much information as you have available.

Sincerely,

Paul Ernst, Director

Dear Brad:

You received a copy of a letter which was written by Kim Hansen of the Ore-Ida Council No. 106. This involved the above named individual.

I really need an Ineligible Volunteer Record Sheet, so that I can identify Mr. Arnold. I have not heard from you since I wrote in June, and I really must have some more information, so we can complete this file.

The only thing I need from you at this time is the record sheet, since I have enough other information to maintain a file and refuse registration should it be attempted anywhere in the country.

Thanks for your help in closing this matter.

Sincerely,

Paul Ernst, Director

Dear Brad:

I have been given information that the above named individual may live in your council area. There was some concern that he had sexually molested scouts several years ago. My information indicates he has been in your area about 5 years.

I feel we should set up an Ineligible Volunteer File and make certain we can refuse him should he attempt registration in the future. I do not find his name on the registration files anywhere in the country at this time.

I am enclosing an Ineligible Volunteer Record Sheet which I would like to have completed, if you can find someone who knows Mr. Arnold and can give us information concerning his size, weight, personal characteristics, and other information that would help us to identify him.

Thanks for your help in this matter.

Sincerely,

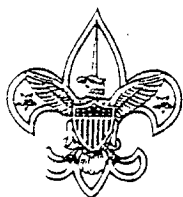

Paul Ernst, Director

Dear Paul:

I received your inquiry on Laron Arnold in early April; having started as Scout Executive on April 1st it took me a little time to get to this and to find the information.

Laron Arnold, or as our records showing the spelling Larren Arnold, was an active unit and district Scouter in this area. About five years ago he moved to Pocatello, Idaho and is believed by those who knew him to still be there. All contacts expressed concern about Laron Arnold's reputation with child sexual molestation. One contact, however, was Mr. Arnold's ecclesiastical leader and had first-hand knowledge of child sexual molestation of one or more Scouts. No charges were filed as the mother was talked out of it at the time by church leaders. As near as I can tell, no council leadership were ever informed. All contacts in my investigation expressed concern about Mr. Arnold's having future involvement in Scouting.

I will forward a copy of this letter to Brad Allen, Scout Executive in Pocatello, Idaho, Tendoy Area Council. If I can be of help in the future, please contact me.

Sincerely,

Kim A. Hansen
Scout Executive

Dear Kim:

Last fall, we were told there was some concern about the above named individual. He was believed to be in your council and it was indicated to us there might be some child molestation charges filed against him.

We wondered if you could tell us if he is registered in your council and, also, if there has been any concern or legal action related to this? The original information which we received came from the council in Salt Lake City, but so far we have not been able to get any information from them.

Thanks for your help in completing this matter.

Dear Marty:

We had communication from your office in October of 1989 concerning the above named individual. It was indicated at that time there was some concern about child molestation. We, also, were told material would be sent to us concerning this matter.

We would like to know if any further information has become available, so we know what to do with our file. We would like to be able to continue to build a file until we have all we need to refuse registration, if this is the direction we should go. Please help us in solving this problem.

Dear Hart:

I understand you called our office while I was not in, concerning the above named individual. It was indicated, at that time, that he was believed to be in Boise, Idaho. Apparently, there was some concern, concerning a child molestation.

I would like to know if you now have some information available which you can send us, so that we can begin to build a file and also contact any other councils where this individual might be registered or participating.

Thanks for your help in building this file.
