PERSONAL & CONFIDENTIAL

Dear Paul:

In response to your letter dated October 3, 1989, you will find enclosed a confidential, contemporaneous listing of events regarding the suspension of John F. Chapman. As you know, the letter we received was anonymous, but was compelling and alleged child molestation to children who have since reached adulthood. A copy of the anonymous letter was sent to you previously.

When a witnessing volunteer and I met with John Chapman, I mentioned to him that we had received a letter from an area where he had previously served as a volunteer, making allegations serious enough that would require the Boy Scouts of America to suspend his membership. We were extremely careful not to discuss the anonymity, origin, the timeframe, nor specifically the allegations. Paul, we felt the anonymity of the accuser could have caused some legal complications if disclosed, therefore, we had to exercise extreme caution.

Upon his learning about his suspension, Mr. Chapman began to sulk and weep. He attempted to justify the allegations with the following facts:

*John Chapman was a career enlisted person in the U.S. Air Force stationed in Florida prior to moving to Liberty, South Carolina where he enrolled his son in Scouting and became an Assistant Scoutmaster.

*John Chapman and his cousin, an inexperienced electrician, were stationed at the same Air Force Base.

*John Chapman's cousin was assigned to complete an electrical assignment on a building that would require someone with more experience.

*His cousin protested the complexity of the job but was ordered by his supervisors to complete the work.

*John Chapman's cousin was electrocuted and sustained serious burns, but survived.

Page Two
Mr. Paul Ernst
October 19, 1989

*John Chapman persisted that an inquiry into the accident be conducted and even contacted Senator Strom Thurmond which eventually led to the early retirement of several of his cousin's supervisors.

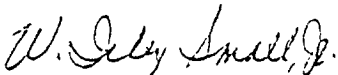

*According to John Chapman, these people were seeking revenge, thus the allegations.

At this point I discussed the appellate procedures with John Chapman and mentioned that following a thorough investigation into the allegations a decision would be made as to whether or not he could be reinstated if he so desired. His response was, "I don't want to lose my children", and he requested that an investigation not be conducted. The volunteer with me mentioned to Mr. Chapman that if he felt strongly that the allegations were untrue, that he should appeal in order to resolve the matter. But, Mr. Chapman insisted that no investigation be held. He chose to surrender voluntarily his membership card and sever all ties with Scouting. He and his son have since discontinued meeting with the Troop.

Paul, John Chapman's story appeared initially to have some credibility. However, his defense was an incident that occurred in Florida where he lived just prior to his retirement from the Air Force. The anonymous letter contained allegations when he lived in Ohio and Morocco which occurred prior to his moving to Florida. Next, when he mentioned that he did not want to lose his children was it because of threats of loss of custody during earlier investigations as the anonymous letter suggested?

I hope this information will suffice in resolving this case, but if you need more information please let me know. I will be pleased to assist you.

Sincerely,

W. Irby Small, Jr.

Mr. John F. Chapman

Liberty, SC 29657

Dear Mr. Chapman:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations you may have with the Boy Scouts of America. A refund of your registration fee is enclosed.

You should understand that BSA membership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of membership the BSA seeks to provide for American youth.

If you wish to have this decision reviewed, please write to me within 60 days of the date of this letter, explaining your version of the facts supporting your claim that your registration as a BSA member should be granted or reinstated. The procedures for review are attached.

Sincerely yours,

/s/

John J.P. Kincaid, Jr.
President

Dear Sirs,

With a pleading heart we are begging you to please remove John Chapman, Liberty, S.C. from your group of scout leaders.

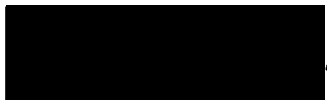

This man is a child-molester. We are writing, because our children and others which are now adults, were molested by this man.

He has been investigated in Ohio, Florida, and Morrocco. Why he is free--we do not know. The children I mention were molested as children and early teens and are now adults. The statute of limitations is over. It didn't come to our knowledge until recently.

We must remain anonymous. Please understand. We thought the authorities would bar him from scouting, but they did not.

Please protect other young children.

May God give you wisdom.
